**Centre of Excellence for Major Project Leaders**

**PROJECT DELIVERY CAPABILITY PROGRAMME**  
**Opening Ceremony**

**15 December 2021**

**Tai Kwun JC Cube**

Mr. Paul CHAN Mo-po,  
GBM, GBS, MH, JP

## Message from the Financial Secretary

My congratulations to the Development Bureau on the launching of its Project Delivery Capability Programme under the Centre of Excellence for Major Project Leaders.

The Government is committed to creating a more livable and economically vibrant city for the people of Hong Kong. In the foreseeable future, our annual infrastructure investment will exceed HK\$100 billion, ensuring funding for such community-wide developments as public housing, new towns and hospitals, road and railway networks, the enhancement of our urban environment and more.

A long-term investment of such significance demands that we place a premium on the quality, innovation and leadership of our infrastructure projects. Which is why, in 2019, we established the Centre of Excellence for Major Project Leaders, the first institution in Asia dedicated to cultivating leaders for works projects.

Mid-tier managers are also essential to winning infrastructure development. They play a central role in team management and serve as the critical bridge between project leaders and frontline workers. With that in mind, I have earmarked funding for the creation of a Project Delivery Capability Programme targeting mid-tier managers. The Programme is designed to broaden their professional skills and ensure that our infrastructure projects are completed on time and on budget and, no less important, that they add value to Hong Kong.

My thanks to the Development Bureau for administering the Centre of Excellence and for establishing the Centre's Project Delivery Capability Programme. I am confident it will strengthen our infrastructure development and, in doing so, help build a flourishing and gratifying future for us all.

## Programme Rundown

TIME	EVENT
2:30 pm	Reception  Opening Speech by Mr. Paul CHAN Mo-po Financial Secretary and Honorary President of CoE  Photo Session  Keynote Presentation by Mr. Ricky LAU Chun-kit Permanent Secretary for Development (Works) and Superintendent of CoE
3:30 pm	End of Opening Ceremony  Networking Break
3:40 pm	Commencement of Pre-programme Briefing
4:30 pm	End of Pre-programme Briefing

# Project Delivery Capability Programme

## Objectives

Successful project leaders require support from their teams to deliver projects satisfactorily. With increasing complexity of projects, faster pace of technological advancement, need for closer collaboration with supply chains etc., a well-rounded project delivery team comprising a pool of competent mid-tier project professionals is essential. Thus, it is of critical importance to provide a systematic training for mid-tier project professionals to enhance their professional skills and uplift project delivery capability.

The Project Delivery Capability Programme (PDCP) will be delivered in collaboration with government authorities, professional organisations, industry leaders and international organisations. It is a 12-month programme with a combination of 2 main modules:

- Module 1 – a 5-day structured training; and
- Module 2 – a series of topical seminars and workshops.

This strategic and structured PDCP not only empowers individual project professional with contemporary knowledge, mindset and skillset for managing public projects, but also enhances the delivery capability for public works projects for maintaining Hong Kong's formidable strength in infrastructure development.

## List of Candidates for 1<sup>st</sup> Cohort

CHAN Chung Yeung, Stanley	Civil Engineering and Development Department
CHAN Hon Yu, Johnny	Electrical and Mechanical Services Department
Miss CHENG Wai Pan, Julie	Architectural Services Department
Ms. CHEUNG Pui Sai, Emily	Highways Department
CHOW Yun Tong	Architectural Services Department
